Size	8" (diameter) x 10.04" (height)

IDENTIFYING PARTS

- 1 Front grilles
- 2 Speed knob
- 3 Pedestal
- 4 Fan blades
- 5 Rear grilles

INSTRUCTIONS

1. Place the fan on a firm and level surface before plugging it into a wall outlet.
2. Rotate the speed knob to turn on the fan and choose a speed.

WARNING

1. Please do not plug the fan into an outlet other than 120V~60Hz in case of damages to the built-in motor.
2. Do not put fingers or other foreign objects into the grilles.
3. Unplug the fan before maintenance.
4. We advise you to use a soft cloth to gently wipe the outer surfaces of the fan clean.
5. To clean between the grilles, we advise you to use a vacuum cleaner or a dust wand to remove the dust.
6. DO NOT use water and other liquids to rinse the fan. Gasoline and other corrosive solutions are forbidden during the maintenance.
7. Wait until the fan is completely dry to plug it in for use.
8. If you do not use the fan for long terms, please unplug the fan and store it in a cool, dry place.
9. Please feel free to reach out to Dr. Prepare Customer Support if you have any questions or concerns about the fan.

WARRANTY

- Dr.Prepare products are covered by a 12-month limited warranty from the original purchase date. If any problems occur, please contact our support team.
